### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The claimed invention is drawn to methods of amplification of DPD using two particular sets of primers, SEQ ID Nos: 1 and 2 and SEQ ID Nos: 7 and 8. The prior art, based fundamentally on Gonzalez, provided a prima facie case of obviousness of these primers. However, the declaration filed by Applicant on December 29, 2004, persuasively demonstrated unexpected results for the specific primers SEQ ID Nos: 1, 2, 7 and 8. In particular, sections 6 and 7 of the declaration, were persuasive to show that the specific primers were unexpectedly better in amplification than other, similar primers. Therefore, the prima facie case of obviousness has been overcome and the claims are novel and unobvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeffrey Fredman whose telephone number is (571)272-0742. The examiner can normally be reached on 6:30-4:00.
